BUILDING ASSOCIATIONS.

Some of the Provisions of Kentucky's New Law in Regard to Them.

The laborious Legislature has at length evolved a new law for the government of Building Associations, wherein so many working people have been enabled to lay up the purchase money for a home.

The Frankfort aggregation is moved to the law, and the Legislature has at length evolved a new law for the government of Building Associations, wherein so many working people have been enabled to lay up the purchase money for a home.

The act, which will be a law as soon as the Governor signs it, repeals all general laws relating to this subject, and goes into effect when approved by the Executive.

It provides that the par value of building association shares shall not exceed \$50,000.

No person shall hold, in an association having an authorized capital stock of \$100,000 or more, more than one share, equal to 2 1/2% of the whole number of shares; in those having an authorized capital stock exceeding \$100,000, and not exceeding \$500,000, 2%; in those having an authorized capital stock of \$500,000 or more, 1 1/2%.

A member may withdraw his unpaid shares at any time by giving thirty days' notice. A borrowing member for each share borrowed upon his plan, in addition to his dues and monthly or weekly premium, may monthly or weekly interest on his loan at the rate of 6% per annum, and the interest and premium shall not exceed 12% per cent. per annum.

Shares shall be declared canceled and satisfied, and the balance, if any, due upon the shares shall be paid to the member.

A borrower may repay a loan at any time upon application to the corporation, in even shares, whereupon, on settlement of his account, he shall be charged with the full amount of the original loan, together with all installments of interest, dues, premiums and fines in arrears, and shall be given credit for the withdrawing value of his shares pledged and transferred as security, and the balance shall be received by the corporation in full satisfaction of said loan.
